ATTN SCOTT ERDMAN VICE PRESIDENT
ERDMAN MACHINE CO
8529 N SILVER CREEK RD
WHITEHALL MI 49461

Dear Mr. Erdman:

Pratt & Whitney (P&W) has qualified ERDMAN MACHINE CO as a source of PWA 97-2 EDMR on cobalt and nickel base alloys.

The P&W Materials Control Laboratory Manual "F" Sections establish controls for chemical and metallurgical processing performed by P&W qualified sources. Compliance with these controls and with applicable specifications is necessary for continued qualification.

Continuance of the qualification also depends on maintaining facilities, procedures, equipment and controls to P&W standards, as determined by our periodic surveys, and on our routine testing of your product. Qualifications for materials and procedures not used on P&W parts for one year may be discontinued at the discretion of P&W.

Sincerely,

Cynthia J. Kowalczyk
